

## Introduction:

The **KCA TT LEAGUE LADDER** is a new competition being piloted in 2023 that has been created to encourage more riders to take part in regional time trial events organised by the **KCA, VTTA & KCA affiliated clubs**. The league ladder format will have clearly defined start and end points, which will result in periodic promotions and demotions of riders depending on points won in regional TT events. **Riders are competing against those within their division to score both individual and club points.**

## Leagues:

Riders from affiliated clubs entering **Kent TT events** will be placed into divisions where they will race against equally talented riders. The initial placing of riders will use Spindata\* rankings and/or past performances. The **KCA Committee** have the final say on which division riders are initially placed, with new riders able to join at any time.

## Scoring:

**Points will be scored by all riders/marshals taking part in the event**, these points are then used to determine both individual and team position within the **KCA TT LEAGUE LADDER**. *To encourage riders of different abilities a team points multiplier may also be applied to points won in lower divisions – let's see how we get on.* **Completing marshal duties will also earn points for both the rider and the club – so sign up early to avoid disappointment!**

Finishing Position	Points
1 <sup>st</sup>	5 points
2 <sup>nd</sup>	4 points
3 <sup>rd</sup>	3 points
4th +	2 points
Marshal duty	1 point

After each round (4 events) riders will move between divisions based on their total points scored. All points will be carried through the 2023 season, with league positions updated after each event.

## End of season awards:

There will be prizes/trophies for riders accumulating the most points over the course of the 2023 season and for the club whose riders have earned the most points. The **KCA Committee** have the final say on the rules and administration of this competition and reserve the right to amend these at any point during the season.
